November 17, 2021

Mayor Charles Wise
200 East Station Street
Ashville, OH 43103

Dear Mayor Wise:

I understand that the Village of Ashville desires to opt-in to SWACO's Community Consortium III and specifically, Lockbourne's contracts for collection (solid waste, recyclables, and yard waste) services with Local Waste and for recycling processing with Rumpke.

The contracts are attached and both were publicly bid and included the following language:

"This Joint Bid Process offers Bidders an opportunity to provide the Required Services, depending on the bids accepted by each of the Participating Communities, to an estimated 12,000 households in Grove City, 1,800 households in Jackson Township, 200 households in Urbancrest and 150 households in Lockbourne; and potentially additional Residential Units located in political subdivisions that may "opt in" at a later date without the necessity of a future competitive bidding process, in accordance with Ohio Revised Code section 9.48".

If you and the Village so proceed, please provide to me a copy of the resolution, as I report all shared service arrangements to the Lockbourne Village Council.

Sincerely,

Jane McJunkin
Village Administrator
