****Note at this time, there is no fee charged by the Board of County Commissioners to file an annexation petition****

The petition must contain an accurate legal description of the perimeter, accompanied by an accurate map/plat, of the proposed territory to be annexed.
- Within five (5) days after the petition is filed, the Clerk of the BOCC sets the hearing date, time, and location, then provides in writing that information to the petitioner or agent for the petitioner. The hearing must not be less than sixty (60) or more than ninety (90) days after filing the petition.
- Within five (5) days of receipt of that notice from the BOCC, the petitioner or agent for the petitioner must cause written notice of the filing of the petition; the date and time of the filing; and the date, time and place of the hearing and is to be delivered to: the Clerk of the township that has land included in the petition; the Clerk of the legislative authority of the municipality to which the annexation is proposed. The notice must also include: a copy of the petition; a copy of any other attachments or documents that accompanied the petition as it was filed.
- This notice must be given by certified mail, return receipt request, or by personally serving the clerks. Proof of service in the case of personal services is an affidavit of the person who delivered the notice to the clerk.
- Within 10 days, the petitioner or agent for the petitioner must send by regular mail the following information to the following individuals: all owners within the territory to be annexed; all owners of property adjacent and directly across the street from the territory proposed to be annexed. The mailing must include: a copy of the notice the BOCC sent to the petitioner or agent for the petitioner setting the date, time, and place of hearing; map of territory proposed to be annexed; a statement indicating where the full petition can be reviewed; a statement that any owner who signed the petition may remove their signature from the petition by filing with the clerk a written notice of withdrawal within 21 days after the date the agent mailed the notice; a certification of the date the petitioner or agent for the petitioner mailed the notice to property owners.
- Within 10 days after the date of completion of service, the agent of the petitioners shall file proof of service of notice on the township and municipality.
- Within 10 days after mailing the notices to the property owners, the petitioner or agent for the petitioner shall file with the BOCC a notarized affidavit that a notice was sent by regular mail to the property owners.
- An owner who signed an annexation petition may remove their signature by filing with the BOCC Clerk a written notice of withdrawal. This notice must be filed within 21 days after the agent mailed the notice of the hearing to the owner. After this date, signatures may only be withdrawn or removed at the hearing if the board finds that the signature was obtained under circumstances that constitute fraud, duress, misrepresentation, or under influence.
- The petitioner or agent for the petitioner must cause notice of the substance of the petition and the date, time, and place of the hearing to be published in a newspaper of general circulation

- At least twenty-five (25) days before the hearing, the county engineer must file a report with the board on the accuracy of the legal description of the perimeter and the map or plat. This report is not conclusive upon the BOCC. Failure by the county engineer to make this report does not affect the jurisdiction or duty of the BOCC.
- At least twenty (20) days before the hearing, the legislative authority of the municipality must file with the BOCC an ordinance or resolution that includes a statement indicating what services will be provided to the territory to be annexed and an approximate date it will provide these services. The municipality is entitled, in its sole discretion, to provide additional services.
- At least fifteen (15) days before the hearing, the petition may be amended by the BOCC if the amendment does not add additional territory to the petition. This can only be done with the consent of the petitioner or the agent for the petitioner. No notice of this action is required.
- If the petition is so amended, the BOCC may re-refer the legal description of the perimeter and the map or plat to the county engineer if these items have been revised. The county engineer shall then file a written report on the accuracy of these items on or before the hearing. Again, the report is not conclusive upon the board, and failure to make the report does not affect the jurisdiction or duty of the BOCC to proceed.
- Within thirty (30) days after the conclusion of the hearing, the BOCC must adopt a resolution granting or denying the petition for annexation and enter it upon the BOCC's journal.
- In granting or denying the petition, the resolution must include specifying finds of fact as to whether each of the conditions listed below, which appear in ORC 709.033 (A), 1 through 6 have been met:

 2. The persons who signed the petition are owners of real estate located in the territory proposed to be annexed.
 3. The number of valid signatures on the petition constituted a majority of the owners of real estate in the territory as of the date the petition was filed.
 4. The municipality has complied with ORC 709.03 (D), the requirement to adopt by ordinance or resolution and submit a statement indicating what services it will provide and an approximate date it will provide the services to the territory proposed to be annexed, upon annexation.
 5. The territory is not unreasonable large.
 6. On balance, the general good of the territory proposed to be annexed will be served, and the benefits to the territory proposed to be annexed and the surrounding area will outweigh the detriments to the territory proposed to be annexed and the surrounding area, if the annexation petition is granted. "Surrounding area" is defined as the territory within the unincorporated area of any township located one-half mile or less from any of the territory proposed to be annexed.
 7. No street or highway will be divided or segmented by the boundary line between a township and municipality as to create a road maintenance problem. If a street or highway will be so divided or segmented, the municipality has agreed, as a condition of the annexation, that it will assume the maintenance of that street or highway.
