| 912                        | 195      | CY   | COMPACTED GRANULAR BACKFILL                      | \$ 50.00     | \$ | 9,750.00  |  |  |
|                            |          |      |  |              |    |           |  |  |
|                            |          |      |  |              |    |           |  |  |

Unit prices used in this estimate are consistent with the Davis-Bacon prevailing wage law.

SUBTOTAL \$ 90,550.00

SURVEY \$ 3,000.00

Estimated Breakdown: Material = \$ 28,065.00 Labor = \$ 65,485

TOTAL ESTIMATED PROJECT COST \$93,550.00

This project has a weighted useful life of 50.0 years as follows:

Storm Sewer & Utilities - 50 years @ 100% of project = 50.0 years

Tebbe Civil

Engineering, LLC

Total = 50.0 years
