

Aspen Energy

The Best Choice for Natural Gas and Electricity

Gas Aggregation Information

Aggregation Information

- Ideal time to lock in the gas aggregation as market is at three year lows.
- Utility rate is NYMEX + \$1.40
- We will handle the transition and legal processes.
- We are offering \$0 termination fees. Residents and small businesses can switch at any time without termination fees.
- No risk to the residents or elected officials.
- We will bid out the aggregation to several suppliers at no charge and get the best rate available.
- We will offer community education and training for anyone who would like to attend.
- We will take care of communication of your choice to the residents, ie: newspaper, website, mailers, etc.
- Dedicated customer service line for the Village of Ashville.

Residents cannot get a NYMEX + rate on their own. This is a guaranteed savings off of the utility rate and there is no risk to the residents or the city with \$0 termination fees.
