

PROJECT DESCRIPTION

VILLAGE OF ASHVILLE

Hall, Hedges, Poplar & South Street Improvements 2014 Community Block Development Grant Project

Project Description

1. Location

The project site is a city block bounded by the 4 named streets.

2. Project Background

The project consists of street repair and replacement, pavement planning, intermediate and surface asphalt paving courses, striping and restoral.

3. Project Drawings

Construction drawings, specifications, and quantities have been produced by the Village's Engineering Firm for use in preparation of bids. It is the Bidder's responsibility to become familiar with both the bid documents and site conditions in preparing their proposal.

4. Timing of Work

The work described will need to be completed by **November 15, 2014**. The project site is available to begin construction immediately upon execution of contracts with the successful bidder. The Contractor shall provide written notification to all residents in the project area at least two weeks prior to the scheduled commencement of work.

5. Types of Work

The work includes layout, removal of pavement, grading, seeding, asphalt paving, striping, and other items as noted in the bid documents.

6. Work Under Separate Contract

The Village reserves the right to perform additional work, if necessary, in association with this project.

7. Traffic Control

A Maintenance of Traffic Plan will be required to be submitted to and approved by the Village prior to the commencement of work.

8. Protection and Restoration of Property

The Contractor shall be responsible for the protection and restoration of any property beyond the identified right-of-way and easement limits of the work to as good or better condition as prior to the start of work.

9. Utility Coordination

The Contractor shall be responsible for any coordination necessary with any utility companies that may be in the project area. It shall be the Contractor's responsibility to identify any potential conflicts and notify the Project manager prior to commencement of the planned work.
