Ashville Vision Statement

"Remembering our rural heritage, Ashville will be a vibrant & friendly community, offering an enhanced quality of life achieved through planning, progress & collaboration.

It will be a welcoming place where people want to live and businesses prosper."

"The Mayor's Column"

I am using this "Mayor's Column" to communicate two significant events. A new business is in Ashville, Ace Hardware. The other item I want to do is to acknowledge the contributions of Chester Gloyd to our community. I feel comfortable in doing both because Chester Gloyd wanted the village to have a strong business component. He was a business leader.

He also was a business person that helped other local businesses. One new business he participated in helping as a Planning & Zoning Board Member, was getting Ashville Ace Hardware at 2943 State Route 752. It is now open and will have a Grand Opening sometime in March.

This is going to be the hard part of this column. Chester Gloyd was not just a colleague he was my friend.

While we did not always agree, we always knew we had the best interest of our community in mind.

Some of the items we worked on together included:

- ◆ Village Growth.
- ◆ Budget Issues.
- ◆ Helping Our Schools.
- ◆ Protecting Residents.
- ◆ Collaboration with OML, Harrison Township, South Bloomfield, Columbus, Circleville,
- ◆ The list goes on....

Chester not only invested in his time and intellect, he also invested in his labor.

He dug the trench that now provides lighting around the track at the Ashville Park. He drove to obtain the concrete blocks that replaced vandalized blocks at the shelter house. Then he installed the blocks. Cooking hotdogs for Fun-in-the-Sun.

There are many reminders of Chester Gloyd when you drive around the village.

How to help our Snow Team & Your Community

Thanks to our "Snow Team", David Ballard, David McMillion, and Greg Sturgill, the Village of Ashville streets have been successfully kept clear of snow and ice. Job well-done!!

When plowing streets and applying salt, the staff is monitoring vehicle location, pedestrian traffic, and the truck with its equipment. Therefore, they are encountering very hazardous conditions

and need no additional distractions to the job they are performing.

Since we are likely to have more snow, you can help our "Snow Team" keep our streets clear.

Details about how to help can be found at

December 2012 Auxiliary Report.

During December officers worked 182 hours and during the year worked 2940 hours. This would be valued at approximately \$38,200 of savings for the village. Officers Cutshall and Scott were out of the country for military deployment. 2011 was one of the best years for the Auxiliary officers and they look forward to serving the community in 2012.
