Re: Roundabout Trail community track resurfacing project

Dear Mr. Christman,

As Pickaway County's Local Floodplain Administrator (LFA) I have reviewed materials submitted by you regarding the track improvements at the Ashville Community Park.

The proposed project is not in a Federal Emergency Management Agency (FEMA) designated or regulated floodplain, nor are there any apparent encroachments or fundamental floodplain problems with the project. No floodplain permit is required.

The current published Flood Insurance Rate Map (FIRM) number 39129C0180J indicates that the project area is mapped as "Zone X," areas determined to be outside the 0.2% annual chance floodplain.

Please contact me if you have any questions or require additional information.

Sincerely,

A handwritten signature in blue ink, appearing to read "Geoffrey A. Davis".

Geoffrey A. Davis
Floodplain Administrator

NOTES TO USERS

This map is for use in determining the National Flood Insurance Program (NFIP) flood insurance eligibility and other related information. Community map agencies should be consulted for possible updates to primary flood hazard information.

To show areas detailed information in areas where Flood Elevations (FE) are provided, the Flood Insurance Rate Map (FIRM) is shown with a color-coded overlay. The color-coded overlay is shown in the legend. The color-coded overlay is shown in the legend. The color-coded overlay is shown in the legend.

Boundaries of the floodways were computed at cross sections and are not intended to show the exact location of the floodway. The floodway boundaries are shown in the legend. The floodway boundaries are shown in the legend.

Current elevation of specific flood hazard areas may be provided by flood control agencies. Flood control agencies may provide information on the flood hazard areas. Flood control agencies may provide information on the flood hazard areas.

The population used in the computation of the map uses Ohio State Form 2014 (Ohio State Form 2014). The population data used in the computation of the map uses Ohio State Form 2014 (Ohio State Form 2014).
