Regarding: Water Resource Recovery Facility Improvements Grant/Loan

Dear Ms. Spiker:

Enclosed is the District 17 Round 30 Application and supporting material for the Village of Ashville.

In 2007, the Village of Ashville had Pomeroy and Associates provide a cost estimate to bring a sewer connector line called "Mud Run Sanitary Sewer". That cost ranged from 8.69 million to 3.18 million dollars. The location of the new plant will greatly reduce the cost to connect to the primary economic development area to the west of the Village. Attachment 11 and 12 of the Narrative highlights our economic development strategy. More information about that can be found at our website www.ashvilleohio.gov where the complete plan can be found.
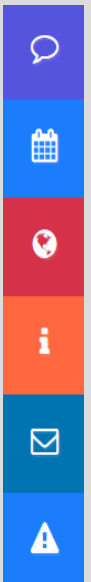

I do look forward to our working together to make this project a success. If you need further information do not hesitate to contact me at 740/983-7132, cellphone 740/207-1842 or email me at fchristman@ashvilleohio.gov.

Anticipating the future,

Franklin Christman
