The Mayor's Column—Ashville Food Pantry

NEW BUILDING PROJECT

GROWING OUR IMPACT IN ASHVILLE

The Ashville Food Pantry building campaign is led by Kris Smith with the support of Thecala Acord, Mike Johnsen, and Ed White. They attended an Ashville Council meeting on September 21st. At that meeting Council backed the project, passing support Resolution 09-2020 on September 28th, see Figure 1.

The Ashville Food Pantry has designated the following donation levels of recognition:

There is a whole team of volunteers that make the Ashville Food Pantry work for our community. They help collect, organize, and distribute food. At 94 Long Street, food is distributed on the 2nd and 4th Thursdays of each month from 11:00 am - 2:00 pm, along with special dates around the holidays. They are currently located at the white house beside First English Lutheran Church on Long Street.

If you would like to help with the building campaign complete the donation form, Figure 2 or for more information go to www.facebook.com/ashvillefoodpantry/.

MISSION STATEMENT

The Ashville Food Pantry serves the residents of the Teays Val-

ley Local School District with food assistance, emergency food and financial assistance for housing and utility needs.

HISTORY

The Ashville Food Pantry was started in 1982 by Inga and Pastor David Koch of the First English Lutheran Church. Local churches have established an executive board that oversees operation of the Ashville Food Pantry.

They are funded entirely by donations and run by volunteers. Local individuals, schools, churches and businesses help support the Ashville Food Pantry.

The PICCA Free Produce has created a great partnership for the Food Pantry. The Pantry can provide nonperishable foods such as fruit and vegetables.

Ashville Food Pantry - PICCA Free Produce Distribution July 2016 thru Oct 2019

THANK YOU!

Leaf-pick-up and Police Report	2

ASHVILLE VISION STATEMENT

Remembering our rural heritage, Ashville will be a vibrant and friendly community, offering an enhanced quality of life achieved through planning, progress and collaboration.

It will be a welcoming place where people want to live and businesses prosper.

Leaf Pick-up Service

Department *Fall*

The Village's Leaf pick-up service begins the first week of November. It is scheduled to continue through Monday, December 2nd. The exact date is driven in large part by weather and the leaves on the ground. The next newsletter issue will talk about the village's work for snow and ice removal. This usually follows leaf pick-up but they may overlap. The same truck is used for both services.

With the equipment we now have the entire village is checked each day.

NOTE: To be removed leaves must be taken to the street. The day to day pick-up may be changed due to inclement weather or reasons beyond our control.

WHAT TO AVOID>>>>>>

Leaves piled in front or back of vehicles will not be picked-up; we use the ten (10) "foot rule" to

prevent damage. It is also helpful not to place leaves under low hanging tree limbs because of the height of our equipment.

No brush or flowers will be picked up. Local Waste Services on Monday's collection day will take limbs that are bundled or weeds (flowers) that are bagged. They will also take bagged leaves. You can also use the Gray Refuse Totter.

The size of our equipment prevents us from traveling in alleys.

If you have been missed or need to reach the Service Department call and ask for Service Chief Greg Sturgill, at the Administrative Office at 740/983-6367.

Keep up-to-date with information by making www.ashvilleohio.gov your home page.

Trees in the Right-of-Way

Trees along the State Route 316 Project began to be removed the week of August 17th. By the time of this publication AMAAZZ Construction should be completing stormwater work and moving onto sidewalks, curbs and streets. As part of the project, 21 trees and 5 stumps had to be taken out to accommodate elevation changes, stormwater construction, and protect sidewalks. This also resulted in Village looking at developing a process for trees located in the right-of-way (the area between the curb and sidewalk) and public property such as the park. With that in mind Council passed Ordinance 2020-06.

First, Council looked at the objective and that became the purpose statement, "to enhance the quality of life and the present and future health, safety, and welfare of all citizens, to enhance property values, and to ensure proper planting and care of trees on public property, the Village Council herein delegates the authority and responsibility for managing public trees, creates a Tree Advisory Board, establishes practices governing the planting and care of trees on public property, and makes provision for the emergency removal of trees on private property under certain conditions. Trees and shrubbery growing within the public right-of-way are the responsibility of the abutting property owner for care and maintenance but remain there only by consent of the village. No such tree, if removed, may be replaced except by permission of the village." The following outlines the regulations in that ordinance:

- ◇ Village authority and responsibility to plant, prune, maintain and remove trees and woody plants growing in or upon all municipal streets, rights-of-ways, village parks, and other public property.
 - ⇒ This shall include the removal of trees that may threaten electrical, telephone, gas, or any municipal water or sewer line, or any tree that is affected by fungus, insect, or other pest disease.
- ◇ Trees and shrubbery growing within the public right-of-way are the responsibility of the abutting property owner for care and maintenance but remain there only by consent of the village. No such tree, if removed, may be replaced except by permission of the village.
- ◇ Creates a Tree Advisory Board that can provide the Staff and Council advice on what are appropriate trees for the parks and in the right-of-way. It will monitor and follow "Best Practices" within the Industry.
- ◇ The Village developed a preferred species list. Tree species for planting on public property in two size classes: Ornamental (20 feet or less in height at maturity) and Shade (greater than 20 feet at maturity).
 - ⇒ Trees from this approved list may be planted without special permission; other species may be planted with written approval from the Village.
 - ⇒ Extra small tree can be planted in four-foot curb to sidewalk right-of-way (ROW), small tree in six-foot ROW, medium trees in eight-foot ROW, and large trees ten-foot ROW. No trees can be planted in less than four-feet.
 - ⇒ No public tree shall be planted closer than 35 feet from any street corner, measured from the point nearest the intersecting curbs or curb lines. No public tree shall be planted closer than ten feet to any fire hydrant.
 - ⇒ Any person directly affected by a decision, notice or order issued under this code shall have the right to appeal. This will be to the Village Council Service Committee in conciliation with the Village Tree Advisory Board.
- ◇ Should the property owner or occupant fail to comply, it shall be lawful for the Village to enter upon the property and cause such action. The property owner or occupant shall be charged the actual cost of the work plus administrative fee and payment shall be made within 30 days or the actual cost of the work plus administrative fee shall be assessed to the property taxes.

More information and a tree permit (no charge) can be obtained from our office at 200 East Station Street or from our website at www.ashvilleohio.gov/index.php/village-departments/urban-forestry.

Contractor performing work must register with the Village of Ashville.
